Attn: Clerk of Courts (Jarret Lovett)

Back in April 2010, I submitted a §2255 Motion based on ineffective assistance of counsel. My intentions were to have it filed on both dockets which includes Docket # 06-10305 with Judge Wolf. Somehow it was only filed on Judge Wolf case. I just received a letter from your Honor explaining that my Motion for Evidentiary Hearing and for appointment of counsel was denied without prejudice due to the §2255 Motion not being filed on the dockets:

Case No.: 06-10092;06-10305

Both dockets were listed on the §2255 Motion, so I am asking that both of my motions to be **GRANTED** on the merits.

Respectfully Submitted,
